## OUR ANNUAL STRAWBERRY SOCIAL

June 16 dawned overcast but gradually cleared to welcome our Tour lead by Rodger Eddy to Dabney State Park just south of Lewis & Clark State Park off I-84.

Mary and Bill Jabs had red table cloths in place as our group arrived. Picnic lunches were soon on the tables and everyone was having a nice visit.

We called for the crowd to "come get it" with the beautiful sliced berries and vanilla ice cream being dished up by Robert Douglas and Howard Freedman and seconds were offered. In fact, we had so many berries, that we were able to offer "left overs" for sale.

Many thanks to Georgia and John Mitchell for coring and slicing the berries and a big thank you to Ernie Spada of Duck Delivery wholesale produce for their gift of the berries for our event.

Note the wonderful pictures of our members and families enjoying the sunshine and a nice park and great get-away.

Howard Freedman
